Mormon sentiment of Uti i, appounces ut er failure of the Elmone bill, of which where course is ague at Newport, R I, Goorge than Ourtis announced that the especial object to which the league will devote its attention now that the Pendleton itill has become a law, as the repeal of the United States where the course is the repeal of the United States much was expected. It he s ' Sanator Ed here that any measure so I shich was necess say and proposed a cor promise measure which in his kind hearte acas he believed expense law, is the repeal of the United States which in his kind hearts are the betteven which limit the tend of most of the subordinate offices to four years. The first age on the subject had its engin in the present of Mormon as a way out to which they could without hubiditation or all one. Americantze milital ambittion of William if Coswford, see that Having in actual in ordering as in natury of the treasury under President Monroe in that time the government had lew officers sourit which rules here in rejecting as im suble framile statement of the real pur taids the revenue service and Mr. Crawford' poses of the Mormon ergant aften, he laid the bel provided that all-the officers of the federal flattering unction to his s ul that the Mor mone were precisely like all other peoples, that t was not persible that they did not realize the disadvaptage of their position and that they their whole literature, not morely nonstitutional intention that appointments would welcome the litst coportunity for an So as a compromise and s a mercy to the Mormon people he is tradii ed his bill and is was pres at to a vote and carried. The press of the cast pressed or review the full accordant stween pelitical and non political offices had corred Washington stated the prin to their political views. In 1910 of fact it was traths about the Mormon's stem in plant of lowingly whose political teless are adverse to fact too at heutralised all that we had accomplished in the way of educe ing the nation of to a true comprehens on of the situation her and rolled the wheele of progress to Utah back fire years Of all men the formore the last to revile Senator E manda to open a why out for them hrough which they slicy which the country has approved some of a president should be friendly to it. A special disputels to The Orrgonian from S! Paul states that controls have been the feeted for the transportation of thirty car his was distinctly stated by Jefferson when he ed the femiliar phrase that the only question Pacifi to the mills of finacapolis neerning a candidate abould be 'Is the onest is he capable, is he faithful to the conlooks like a revolution of t a gram business, And James Buchanau said subshould be rem mbered that these merely as tantially he same thing in the senate in 1889 experiment it may be do bted if it will pay to ship by this so butky a reduct as wheat a distance of two thousand in less in competition I should not he said "become the inquisitor soo or \$1000 a year. This was the theory miles of the miles It may be, however that ad practice of the government up to the time.

> lar future shipments of what The Buston Herold thip + tlat Senator Ecdama sava to make "ardent Crawfordites" of munds is the only man whe as the republican candidate for the presiden v, sould carry the ractically vacates the cutum civil corvice of state of New York' So far the preference for nd makes reappointment depend not upon fileful fidelity and efficiency, but upon personal sively to the people, who a only interest in elections is that they may result in giving them through congress and Jefferson says terests are confined to the ffices and selectives of plunder have expressed no preference for him and protably will not. They all know ag it. It has since been the object of great etermined but unsuccessful attempt was made utler the lead of Mr Calbrun to repeal the that there are do missing haks in the L imund-
